## Newsletter October 2016

### Dodoma Health Centre

.... slowly looking more and more like the architect's drawing....

Thank you so much for all your generous donations! As you can see the walls are up and the roof is going on as we write. It does look amazing! And big! So keep praying for the vision that it will be finished next year: we have all the plastering, electrics and plumbing to put in as well as the doors and windows before we kit it out as a Health Centre to meet the needs of the community. *Then we can start to seriously work with the community to help to meet their health needs.*

## Visits

### Tanzania to UK

Zephaniah, Dr Motto and Margaret are still waiting for their passports to be printed as there has been a serious delay due to ink and paper issues with printing passports for the last 6 months in Tanzania. Please pray that they get their passports *soon* ... and then their visas in order to now come to UK in the new year 2017.

### UK to Tanzania

We hope to take a medical team with a building team to Dodoma in May 2017. So if you count yourself as possibly one of these, and would like to volunteer your skills, whatever they are: please contact Ruth to talk about the possibilities. These trips are always an adventure and God always has bigger plans than ours: so think and pray if God is calling you!

The cost will be about £1,100 (blame Brexit for the increase!) for 2 weeks to serve the Church and community in Tanzania.

John, a Tazama na Tunza volunteer, visits this patient Leah. He writes "The patient is suffering from asthma with worms. After visiting, giving health advice and treatment, she has regained her health and strength and has returned to normal living, including going to her church. We advised her on keeping good personal, food and home hygiene and also for fresh air to be allowed to flow through the house, especially while she is sleeping." Simple, but oh so effective...

## Up and Coming

### Black Tie Dinner:

fundraising evening on 27th January 2017 in Mottram, Hyde, Cheshire

### Give a Goat this Christmas!

£25 is all it costs to give a nanny goat to a family without income, so that they have milk and can start breeding goats.

### Be Inspired!

Invite T(UK)T to host a special evening at your group or church with a Tanzanian theme.
