

## News & Prayer letter August 2021

### PRAISE

Wisdom Junior School, run by the Church on the same compound as the Dodoma Church and Tazama na Tunza Health Centre, continues to flourish. They follow the Church philosophy of seeking to serve the poorest in the community. They are a happy well led school that also include 22 pupils who cannot afford the fees (see photo). They were formerly supported by Compassion, before Compassion changed it's policy.

### PRAYER

Please pray for funding for these children. The cost, including tuition fees, food and uniform is £23 a month or £270 a year (at the present exchange rate of 3,216/- to £1)

These are the children needing support. If you can pray for them. Also children or adults may like to support them, if so: please mark any donations for "Wisdom sponsorship" and we will also try to build up individual links between the donor and child. (Cooperative Bank s/c: 08-92-99, a/c: 65382637) (these are the correct details for Tanzania (UK) Trust—internet banking sometimes queries it.)

### PRAISE

When I was writing the Annual Report for the Charity Commission, it really made me think how much Jesus has blessed our partnership with Tanzania. In the last 18+ months of COVID, we have not been able to visit them as we usually do, or do the things that we usually do (including fund-raising) and yet the vision and the work has flourished holistically in growth, strength and in drawing people into our Father's love—through Mission outreach, Medical help, Education. I just want to thank our Father for His blessings on our partnership and ask Him to continue to do so,

*Ruth*

### PRAISE

TTD Health Centre continues to thrive and we thank God so much, that He shows His great love for many of the poor and needy in Dodoma through them. TTD are also leading some patients, from all backgrounds, to know Jesus. We gave a small gift to the Volunteers who work alongside our paid workers - a Pharmacist, Laboratory Technician, Nurse and Administrator.

Of interest, a few romances have flourished in the year of Covid, involving some of the TTD team and church members

The Tanzanian Government has joined the African Alliance in rolling out Covid Vaccinations (Johnson & Johnson 1 dose) which should have many benefits.

The Bibis: Zeph's Grannies are alive and thriving, at 100+.

Zeph's wife Wema's Granny died recently, aged 117!

The photo is Zeph giving professional volunteer Immanuel a gift from us.
