News & Prayer letter December 25

Our Relationship with God is the Key

"This is the way to eternal life—to know you, the only true God, and Jesus Christ, the one you sent to earth." John 17:3 and we do this by seeking him, praying and actively obeying him. God works with us as we work with Him. We are so grateful for all your prayers and support for the partnership that we have as a UK charity with the believers we work with in Tanzania. Thank you. Amen.

Here is Bishop Zeph, this week, in their 3 days of prayer and fasting, overnighting at church, with the other Church members, for prayer together.

Wisdom School, Dodoma

After Zeph and Wema's trip to UK this Autumn, your support for those children who cannot afford to go to school has been great. Thank you. Here you can see them about to receive some gifts from you, and they drew some wonderful pictures for us, saying "Thank You" (as well as "Hello!"). We are now sponsoring 5 of the children who do not have any supportive family to help them. You are welcome to support some more children too!

Treating a mother with severe ear pain and deafness, which the Nduli team managed to treat and the mother could hear again and was pain free. Some simple procedures can make such a difference in peoples' lives

Mamas Unit This photo, taken at night, shows how the extension of the Mamas Unit in Dodoma, is coming on. It needs all the finishings and furnishings now.

PLEASE PRAY FOR POLITICAL PEACE

IN OUR BELOVED TANZANIA

As you may have seen in the news there has been a lot of political unrest in the recent elections, with many, many people dying in the polling day conflicts. Mama Samia won the election but GenZ (initially the youth) felt that they had no-one else to vote for, as the other opposition parties were prevented from being elected. This is a very sad and volatile situation. **Independence Day on 9th December is also forecast to be volatile**, with paralysis of logistical systems. Both the teams at Ebenezer and Tazama na Tunza Dispensary have been treating people injured in the political violence. In Nduli village (L), and on in Dodoma town (R), the teams cleaned and stitched wounds, gave pain relief and followed up until the wounds were healing. **PLEASE PRAY FOR PEACE.**.

January Trip '26

God willing, the political situation will be more stable and we can travel to Tanzania in 6 weeks time. This is to envision, encourage and build our partnership. We will be spending time with Wisdom School and visit the pupils we support, as well as seeing both Health Centres & having a training and team-building weekend. **If you'd like to give gifts to the school, equipment to the Health Centres, or donate any mobile phones, please get in touch.**
